

MOO 1

Monica arrives from Conference Center Lobby

Christopher arrives from Conference Center Lobby

Monica says, "here I am"

Christopher stumbles in

Monica steps down from the table she was dancing on

Christopher says, "whoa. what did i walk in on?!?"

Kristi arrives from Conference Center Lobby

Christopher says, "look out, Kristi, Mon's dancing"

Kristi says, "wonderful!"

Monica says, "No, I've stepped down from the table"

Kristi says, "is this a celebration?"

Christopher chuckles

Monica says, "Maybe... I feel like I made a lot of progress today on our survey but you might disagree"

Christopher says, "oh yes, definitely lots of progress--good work on that, Monica"

Kristi says, "I scrolled through it really quick- thanks for getting it organized. I will try to read it later tonight."

Kristi says, "Thanks for doing that."

Kristi says, "That schedule Dr. K put up today was a little alarming in black and white."

Monica says, "No problem - I'm glad Fred hasn't gotten to it yet; now he can really see the evolution"

Christopher [to Kristi]: yes, it was. that's not a LOT of time.

Kristi says, "Yes, I resent him the link during class. I will send him a follow up email to FB too."

Monica says, "[Kristi] I think it's doable, especially if we get surveys out in the next few days"

Kristi says, "So, what goal do we want to set for getting the survey out? "

Kristi says, "Yes, we ROCK."

Monica says, "By end of week? Friday?"

Christopher says, "so, what kind of other analysis do we want to do? an examination of the rhetoric surrounding education & web2.0?"

Christopher says, "I think Friday's doable."

Kristi says, "Friday sounds perfect. I am off of work on Thursday so can spend some extra time."

Christopher nods

Monica says, "[To Chris] yes, I think we should continue to collect related works, articles, whatever that we run across as we work through this - I think there will be a place for them on our site as a sort of 'resources' tab"

Monica says, "Maybe we provide some sort of summary or annotated bib with the works and then link to the full work... a different sort of lit review"

Ronda says, "Fred is trying to call me BRB"

Ronda says, "Sorry, I am back. "

Ronda says, "Forgot to send BRB before I left. SHEESH"

Christopher says, "good--it might be helpful to have some... place to filter it all. a central feed or something; maybe not a hashtag, though that would work, but something shared, I don't know."

Monica says, "There are a couple of places in the compiled survey draft where I need input and edits - these are marked in green; please add to it as you see fit"

Kristi says, "Should we (or have we) created a space in FB to keep all of this information? If not, then I could do that and we can start adding links there- as well as Twitter. What do you think?"

Christopher says, "SHEESH. You spring chicken. :)"

Kristi says, "I love Monica."

Christopher [to Kristi]: that's a great idea. we ought to go ahead and start our own group or discussion forum.

Kristi says, "OK, I will do that tonight then. I think he mentioned that tonight in class anyway."

Christopher says, "would be easiest, since we're all on there all the time anyway (Ronda and Monica)"

Ronda says, "The sooner we get it all up and running, the sooner we can get it all in the right place. Great ideas"

Christopher says, "would be good to have that public, too, so we have the extra input."

Kristi says, "That way other classmates can post stuff too."

Monica says, "[To Kristi] a dedicated space in FB to dump stuff in would be great"

Christopher says, "we could call it "OUR GROUP IS THE BESTEST DISCUSSION FEED PLACE POST THINGY""

Ronda says, "We rule"

Christopher says, "or maybe something less obnoxious"

Christopher lols

Kristi says, "I was thinking in the class group- just a discussion item?"

Kristi says, "I LOVE YOUR CAPS CHRIS!"

Christopher [to Kristi]: Yes.

Christopher says, "thank you."

Christopher says, "ALL YOUR BASE ARE BELONG TO US or something like that :)"

Ronda says, "Huh?"

Kristi says, "??\"

Christopher says, "google it. it's a goofy gamer thing"

Ronda says, "sounds like a bad translation of something in Chinese"

Christopher [to RondaW]: pretty much.

Christopher says, "as I said, a geeky.goofy gamer thing"

Christopher smirks at Monica

Christopher says, "so, what else? (I need to go soon)"

Kristi says, "I think we are good..."

Monica says, "So, Ronda has volunteered her Survey monkey account"

Kristi says, "Who wants to enter the survey once it is ready?"

Christopher says, "and Mon has volunteered her space online"

Monica says, "Does anyone want to volunteer to set up the survey once we finalize it or do you want me to?"

Ronda says, "I can, or you can."

Christopher says, "I could do that, Mon, you've spent so much time on it already"

Christopher says, "or Ronda, since she has the account an all."

Kristi says, "Yes, Monica, you are not allowed to do that too."

You say, "I can do it."

Christopher says, "you'll make us look bad. :)"

Kristi says, "Perfect!"

Monica says, "Well, decide amongst yourselves then... if we build a website, I assumed Chris and I would get pulled into that"

Christopher says, "argh. more site building. ;)"

Monica says, "Ronda and Kristi, do you have any website experience - don't want to assume too much"

Kristi [to Monica]: not building- but I am willing to learn. Just let me know what we need.

Ronda says, "I haven't built but am willing to learn, too."

Ronda says, "Did I miss anything on the survey--is it finalized and ready for input or do you need us to do more, Monica?"

Kristi says, "OK, so survey ready by Friday. When do we want to distribute it by- Friday also?"

Monica says, "[Ronda] Still some areas that need input from your guys and I think Dr. K is going to look at it - we are shooting for it ready to go out at the end of the week"

Christopher says, "distro on Friday is good--depending on when we get it ready by."

Monica says, "We will need to craft some sort of statement that goes out with the survey link inviting people to take it and maybe giving some background on its purpose"

RondaW [to Monica]: Let me take a stab at that tomorrow

Christopher says, "well, let's take a crack at that then; we can compose it on gdocs"

Kristi says, "Yes, just add to the document. "

Kristi says, "Ronda were you here when we discussed FB discussion group?"

Ronda says, "No, I didn't hear about the FB group"

Christopher [to RondaW]: we'll put our discussion in the course group, so we can post articles and stuff and get ideas from others as well.

Kristi says, "I am going to create a discussion group for our project in the class group where we can add links and comments."

Kristi says, "we will still use twitter too."

Christopher says, "and all caps whenever necessary."

Kristi says, "excellent collaboration"

Monica says, ".... I think we have a plan, right?"

Ronda says, "night then?"

Christopher says, "okay, okay--so we know what we need to do for Friday?"

Kristi says, "We are good. Talk to you all soon!"

Monica says, "Yes, we can keep in touch in our usual ways"

Christopher says, "I think we're good."

Kristi says, "bye!"

Ronda says, "night all!"
