

## metaAcademia survey

Between [Ronda L Wery](#) and You

July 30 at 3:28pm

We had at one point talked about linking to the survey in the website so that we could continue to collect data as part of the ongoing nature of the website. Can you re-open the survey or will this cause issues with your Survey monkey account (i.e. collecting too many responses)?

I can re-open the survey as soon as we want (say, once all our analyses are in the bag)? With my current account, we can go up to 1000 responses per month, so that will probably be sufficient. If not, then I'll just upgrade to an annual subscription and have unlimited responses.

Greta. yes, if you could open it up after the deadline tomorrow night that would be great. Thanks.
